Undergraduate scholarship recipients can apply for preparatory course exemption if they completed their secondary education in Chinese or have a valid HSK certificate that meets the requirements of the host university. Official documents from secondary schools or a photocopy of a valid HSK certificate must be submitted for a preparatory course exemption application. Please NOTE that HSK results are valid for only 2 years.

Scholarship recipients of Chinese-taught programs without adequate Chinese proficiency must take Chinese language courses for one to two academic years to reach the language requirements of their host universities before moving on to their major studies. Failure to reach the required language proficiency will lead to the automatic termination of scholarship. Chinese language courses will be one year for majors in Science, Engineering, Agriculture, West Medicine, Economics, Management, Legal Studies and Fine Arts, and be no more than two years for majors in Literature, History, Philosophy and Chinese Medicine. Scholarship recipients of the English-taught programs or those with adequate Chinese language proficiency do not need to take Chinese language courses.

According to an agreement between the Chinese Academy of Sciences (CAS) and The World Academy of Sciences (TWAS) for the advancement of science in developing countries, up to 200 students/scholars from all over the world will be sponsored to study in China for doctoral degrees for up to 4 years.

This CAS-TWAS President's Fellowship Program provides students/scholars that are non-Chinese citizens an opportunity to pursue doctoral degrees at the University of Chinese Academy of Sciences (UCAS), the University of Science and Technology of China (USTC) or Institutes of CAS around China.

Under the terms of the CAS-TWAS agreement, travel from their home countries to China will be provided to the fellowship awardees in order to begin the fellowship in China (one trip only per student/scholar). TWAS will select 80 awardees from developing countries to support their international travel, while CAS will support the other 120. Visa fee will also be covered (once only per awardee) as a lump sum of USD 65 after all the awardees are on site in China. Any awardee on site in China, the host country, at the time of application will NOT be eligible for any travel or visa reimbursement.
